CITY LAUNCHES NEW WEBSITE

When you visit the City of Beachwood's new website WWW.BEACHWOODOHIO.COM, you will notice some major upgrades.

"When people want to learn about something quickly, very often the first stop is the internet," said Mayor Gordon. "We wanted our new website to be more helpful and informative and to improve the way we present ourselves to the outside world."

Last year, the City began a lengthy process to improve our website as part of our efforts to keep moving Beachwood forward.

In addition to an updated, fresh look, the website has many new and improved features. It is readily available on mobile devices. Other features include: event calendars, ease in uploading documents, on-line registration, and an opt-in notification service. Through the "Notify Me" feature, visitors can sign-up to be notified via email about activities, public meetings and agendas.

Mayor Gordon will also be regularly communicating with residents via a "Mayor's Corner" blog.

"We invite the public to view the new website and follow us for regular updates on Twitter and Facebook," states Mayor Gordon.

"Our new website is more user-friendly, accessible and beneficial to our residents and businesses."
- Mayor Gordon
